

April 17, 2017

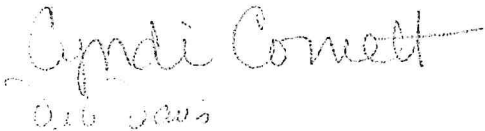

Dear Parents,

As you may know improvement of our science scores is one of our goals this year. We will be taking the seventh grade class to Kimball Camp on Tuesday, May 2. While at Kimball Camp, students will participate in concept paths and forest study. We will also have time for some fun with climb and zip, climbing Goliath, and the predator prey activity.

In the concept paths class, students will learn their role within nature and how everything in the environment works together. Concepts covered will include: energy flow, cycles in nature, diversity, change, interrelationships, communities and adaptations. During forest, study students will discuss ecosystems and compare and contrast different ecosystems at camp.

We are planning on leaving school at 8:15 a.m. and leaving camp at 5:00 p.m. Please have a ride waiting for your child between 5:30 and 5:45 p.m. The cost of the day with lunch is \$30.00. Please have the permission slip and money returned to the school no later than Thursday, April 27.

Thank you,

Deb Davis and Cyndi Cornett

\_\_\_\_\_ Yes, my child \_\_\_\_\_ has my permission to attend the field trip.

\_\_\_\_\_ No, my child \_\_\_\_\_ will not be attending the field trip.
